

## **CADASTRAL SURVEY TECHNICIAN**

We're on the lookout for an experienced Cadastral Survey Technician who embodies our spirit of excellence and innovation. Join us in the heart of the resilient and vibrant Hawkes Bay, where the land of fruit, sheep, beef, wine, and sunshine invites you to thrive. You'll be close to mountains and beaches where hunting, tramping and surfing opportunities abound.

At Surveying The Bay, we've been shaping the landscape for 20 years from our office in Hastings. We undertake a strong mix of work throughout the cities, towns and countryside of Hawkes Bay mostly related to subdivision and land development – both Urban and Rural.

### **Tasks & Responsibilities:**

- Perform various field and office duties in a professional land surveying consultancy
- Complete cadastral, topographical and engineering surveys
- Undertake office calculations and reporting for LINZ
- Operate and maintain survey equipment
- Liaise with clients in a professional manner
- An aptitude for technology
- Willingness to learn and be part of the team
- Strong support will be provided as you learn and grow

### **Qualifications & Experience:**

- Surveying certificate or relevant industry experience
- Solid understanding and working knowledge of survey equipment
- Experience with AutoCAD and 12d software
- Physically fit and able to work both autonomously and in a team
- Drivers licence

If you're ready to embark on a journey where your passion meets purpose, we want to hear from you. Join us at Surveying The Bay, where every day is an opportunity to leave your mark on the landscape. A competitive salary based on your experience will be offered, with annual reviews and a commitment to support your development.
